RE: City-ALP Negotiations

Dear Vera:

We are in receipt of your letter dated March 11, 2013.

We are scheduled for mediation on Wednesday, March 13, 2013, and the City intends on proceeding to mediation as scheduled. ALP's assumption that mediation is not proceeding is misplaced given that ALP was included in the communications with the assigned mediator, and that the time and date has been held on the ALP negotiation team's respective calendars.

Thank you.
